

THESE ARE TOLLERS!

(Nova Scotia Duck Tolling Retrievers)

If you see one in need of help, please call us!

This will introduce you to the local member of Nova Scotia Duck Tolling Retriever Club (USA) Rescue. We want to help you find loving homes for homeless and abandoned Tollers.

If a Toller arrives at your facility in good health OR needing medical care, please contact the area member listed below. We will be responsible for the animal's care, placement and continuing support. Do not destroy a Toller unless, in your good judgment, the dog is badly injured or so ill as to make a merciful death the best option. We stand ready to care for all Tollers.

Enclosed you will find one of our Rescue Brochures. If possible, please post it or keep in on file to alert others of our service.

Thank you for your helping us help Tollers.

Area Toller Rescue Member: _____

Address: _____

Phone: _____
