

**Nova Scotia Duck Tolling Retriever Club (USA)**  
**2025 Annual Membership Meeting**  
**Purina Farms, Gray Summit, MO**  
**Beginning at 6:00pm CST**  
**September 4, 2025**  
**AGENDA**

## **PRESIDENT'S REPORT**

*Respectfully submitted by Cindy Lindemer, President*

### **Overview of the Year**

This past year has been both extraordinary and demanding. We began on November 1, 2024, filled with excitement and hope for the club's future. However, by January, we encountered some of the most trying situations in our history. Through it all, I am proud of the Board of Directors for upholding their duties and ensuring our club and website continue to function and grow.

### **Personal Challenges**

On a personal note, I faced baseless accusations and threats aimed at my home and my dogs from certain members. Despite these setbacks, my focus remains on celebrating the successes we have achieved together.

### **Major Accomplishments**

- 2026 National Specialty: The application to host this event at Yellowstone Dog Sports in Roberts, Montana, was approved. Together with Terri Krause, I have already started receiving strong support as we build the organizing committee.
- Bylaws Committee: A new committee has been formed to shape the club's future. Updating our bylaws has been a top priority, reflecting feedback from members over the years.
- Breeder Mentor Chair: This position was created to enhance support for new breeders. I encourage breeders to share their vision for this program's development to best meet everyone's needs.

### **Looking Forward**

In my role, I frequently communicate with other breed clubs and can assure you our club is not alone in facing challenges with growth and membership. Working together for the betterment of our breed will help us accomplish meaningful progress. The energy of our younger members is vital, and we are grateful for Justine Hubbard's leadership in the junior program and for everyone whose dedication strengthens our community.

## **VICE PRESIDENT'S REPORT**

*Respectfully submitted by Annie Garwood, Vice President*

It has been a year of getting my feet wet serving as Vice-President of the club. I have attended Board of Directors meetings and have enjoyed getting to know and work with Toller people from all regions. I assisted with and attended the Meet the Breeds event in NYC with a great group of

members and their dogs, which was an enjoyable and educational experience! Personally, this has been an extremely difficult year for me as I lost my two oldest tollers within a three-month span. I am hoping that my involvement in our club is a dedication to them and will help with my grief and healing as I know every member can understand. I am happy to be attending the National and to be surrounded by our community. This coming year, my goal is to be more active as liaison to my assigned committee chairs. Thank you all and please reach out if I can be of help!

### **SECRETARY'S REPORT**

*Respectfully submitted by Terri Krause, Secretary*

In accordance with the Bylaws of the Nova Scotia Duck Tolling Retriever Club (USA), ARTICLE V – CLUB YEAR, VOTING, NOMINATIONS & ELECTIONS, Section 4, Nominations and Ballots.

This is to inform the Club Members that no additional nominations were received on or before July 6, 2025 for the following positions:

REGION 3 DIRECTOR: **Cynthia Richardson** (OR)

[First 3-year Term]

REGION 6 DIRECTOR: **Hillare LaFond Parfait** (NC)

[First 3-year Term]

It is with pleasure that I, as Secretary of the Nova Scotia Duck Tolling Retriever Club (USA), cast one vote on July 7, 2025 for the positions of Region 3 and Region 6 Director.

Regional Director terms begin on November 1, 2025 and run through October 31, 2028

### **TREASURER'S REPORT**

*Respectfully submitted by Judy Webb, Treasurer*

**(Please see Attachment B)**

### **REGIONAL DIRECTOR REPORTS**

#### **REGION 1**

*Respectfully submitted by Abby Beaulieu*

July 1, 2024 - June 30, 2025 held many fun events for region 1 members thanks to countless volunteers.

#### **EVENTS:**

August 9-10, 2024 Double Header Field Tests in Clyde, NY. Chaired by Joy Annunziato, there were 26 tollers entered on Saturday with 2 WC, 4 WCI and 3 WCX passes. Sunday saw 27 entered with 3 WC, 3 WCI and 4 WCX passes.

September 15, 2024 Field Test in Burnham, ME was chaired by Wendy Hooke. With 7 tollers entered and 2 WC qualifiers.

September 28-28, 2024 - 2 Supported Entries were held at the Wine Country shows in Romulus NY. Chaired by Marilee Waterstraat this event pulled 17 entries on Saturday and 12 on Sunday.

November 23, 2024 - Specialty, West Springfield MA hosted by the NSDTR Club of New England saw an entry of 44 tollers. HIT rosettes were awarded to tollers at multiple levels of Rally, Obedience and Agility. Supported Entries were held on the other 3 days of the show cluster.

January 24 - 25, 2025 ACK Meet The Breeds (MTB) - 35,000 visitors came through the Jacob Javits Convention Center where seven Tollers and six Toller owners volunteer their time for a very successful event.

June 7, 2025 - NSDTR Club of New England Field Test - Simsbury, CT Saturday had 13 entered with 1 WCX, 3 WC, and 2 BRT passes. 12 were entered on Sunday with 1 WCX, and 4 WC passes.

#### **MEMBERS:**

Region 1 welcomed 4 new members this year.

#### **REGION 2**

*None submitted*

#### **REGION 3**

*Respectfully submitted by Cindy Richardson*

On behalf of the NSDTRC (USA), I would like to welcome all the new and returning members of Region 3. Membership is key to a successful club. Enjoy your Tollers and be on the lookout for fun activities to do with your red-headed family friends.

#### **REGION 4**

*Respectfully submitted by Patricia Romeiro*

During the Region 4 fiscal year, July 1, 2024 through June 30, 2025, we held events in Agility and the National Specialty.

July 1st, 2024, ongoing through October 2025, Chair Shelby Westmoreland and Event Chairs met weekly preparing for our National Specialty October 13, 2024, at Sycamore Lane Kennels, All Dogs Sports Park (ADSP), Lodi, CA.

October 13 - 19, 2024 National Specialty **"The running of the Dogs"**

National Specialty Chair Shelby Westmoreland set the tone for this Specialty at its onset by offering traditional events such as our Breed Field Test, Conformation, Obedience, Rally and Seminars; and, including additional performance events of Upland Hunt Test, Agility, Barn

Hunt, Scent work and a Dock Diving fundraiser. The volunteer cadre was so outstanding in all venues.

Conformation and Sweeps: far exceeded our expectations for entries. Members came from Canada, Alaska, the Northwest, Maine to Florida, and all over the USA. The tone resonated everywhere. Judge Peggy Beisel-McIlwaine recapped it best: In her words "Judging a national specialty is the highlight of a judge's career. That is where you generally get the cream of the crop and can get to the nitty gritty of a breed. This was so true of the NSDTRC national held in California...The venue is spectacular. Thank you to all the exhibitors for not only their entry but for their *outstanding sportsmanship*. Other breeds could take a lesson from you. It is so nice to hear the applause for each and every exhibitor. The quality of the entry was extremely good....Breeder's seem to be focusing in the right areas. ....the specials, all I can say is WOW. So many would easily win on another day. Quality was deep. The quality in the veterans' classes was outstanding and needs to be spotlighted as they were terrific and in great shape!"  
**Congratulations all!**

Agility: Gathered a huge entry and had 153 runs - Awards were HIT Novice, HIT Open, HIT Master, HIT Regular, HIT Preferred.

Barn Hunt: It was open to all breeds and had large Toller entries and levels. The awards were HIT Novice A, Novice B, Advanced, Excellent and Master.

Dock Diving: It was the 1<sup>st</sup> time hosted at a National Specialty. The event was not NADD but used the same jump standards and Hydro dash standards and divisions. It was a Fundraising event with 120 entries. It was most definitely a crowd pleaser.

Field Test passes: Basic Retriever Test 1; Working Certificate 10; Working Certificate Intermediate 7; Working Certificate Excellent 4

Obedience: we gathered a historic entry with 65 dogs entered with a High in Trial.

Rally: We gathered a historic entry with 85 dogs entered. High Combined (Adv B & Exc B) and High Combined Triple (Adv B, Exc B, and Master).

Scent Work: Hit Novice A (Rising Star award), HIT B, HIT Advanced, HIT Excellent, HIT Master

Upland Test: Junior 11; Senior 6; Master 1

Overwhelming feedback from entrants in all events was "most fun they had at a Specialty in a long time"!

On May 3rd and 4th, 2025, Donna Murdoch Chaired the Region's annual NSDTRC-USA Agility fundraising trial at Galway Downs, Temecula, CA. Emily Kan and Willow were HIT Masters and Lydia Tucker-Clark and ZoZo were HIT Novice. What a wonderful weekend it was! The event raised \$483.50

## **REGION 5**

*Respectfully submitted by Amanda Kaiser*

Region 5 had a great Texas Two Step Working Certificate test this year on April 5th and 6th in Terrell, Texas. Saturday had 7 WCX dogs entered, with 1 pass, 5 WCI dogs with no passes, and 11 WC dogs with 4 passes. We also enjoyed watching 2 BRT dogs attempt. On Sunday, we had

6 WCX dogs with 3 passes, 5 WCI dogs with no passes, 11 WC dogs with 7 passes as well as 2 BRT dogs with no passes. It was a cold and wet weekend for Texas, but full of fellowship and good food with lots of Tollers and people. The committee and judges had a wonderful test, and we look forward to repeating the event in 2026, with warmer weather on April 18th and 19th. Hope to see all of you there!!

In addition, Region 5, in coordination with Region 2, has been busy planning for the 2025 NSDTRC-USA National Speciality to be held at Purnina Farms August 31-September 6th. We are excited to host a Club Working Certificate test, an AKC Retriever Hunt test, Obedience, Rally, Agility, Dock Diving, Sweepstakes, Conformation, Scent Work, a sports medicine seminar, and the annual banquet. We look forward to hosting you at this beautiful location!!

## **REGION 6**

*Respectfully submitted by Hillare Lafond Parfait*

This year in Region 6 has been quiet in terms of club events but our members have been active! We have had dogs competing in every facet of AKC from group placements in the conformation ring to earning regional invites in dock diving. Our dogs have been busy! With that we have also had some growth in our region, we have added over 10 new members to our vast region and hope to add more in the upcoming months.

This year the region will host a Supported Entry in Orlando on December 11th! Stay tuned for after Nationals to find out more and how you can help support the event.

I want to thank the Region and the Nominating Committee for allowing me the opportunity to be the Regions Director for another 3 years. I'm not always quick to the phone due to my work schedule, but I do enjoy taking time to engage and help promote the region how I can - so always feel free to reach out to me by text, email or messenger!

## **REGION 7**

*Respectfully submitted by Travis Massie*

As another year comes to a close, another eventful and fun filled year across the club and in region 7. I hope everyone had a very exciting 2025 and looking forward to a 2026 in months to come.

## **COMMITTEE REPORTS**

### **AKC DELEGATE**

*Respectfully submitted by Brenda Dorman*

#### **ALL-BREED CLUBS**

Double Tree Hotel, Newark, NJ

There were 88 Delegates in attendance.

## **1. Board Liaison Report**

AKC Salutes the Troops took place at Fort Stewart, GA. Three DOG SPORT competitions took place and will be televised on ESPN. The events were Fastest Dogs USA, Diving Dogs Challenge and Agility Premier Cup.

Robin Stansell presented the first living Bulldog to serve as the Army mascot in about 80 years.

Conformation Judges Recertification Exams – the revised judge's testing was approved by the Board of Directors which reviewed complaints and suggestions. Judges may retake the test.

The Personal Conduct Policy was reviewed. There is no longer one penalty for everything.

Judges on Referral – judges three months overdue will be given one month to comply before being listed as inactive.

Stewards of Children® – Those who have not completed the training will be considered inactive.

The realignment of the points schedule will affect states such as NV and CO.

Limited Shows of four shows in four days is being considered by Club Development.

Staff recommended how to include more events on one day.

## **2. Staff Liaison Report**

Conformation entries are down .3%

Overall entries are 21,000 and entries are up 1.8%.

Scent Work entries are up.

The Junior Task Force continues to meet monthly and continues to generate and encourage articles highlighting Juniors, educational opportunities or clinics offered. There are currently 251 Junior Coordinators.

AKC continues to work with 4-H groups around the country. AKC will assist where possible to pair All-Breed Clubs with the nearest 4-H group.

Every club should appoint a Junior Coordinator. There are many success stories of Junior events ranging from art shows, pet parades, as well as educational events.

Vet Outreach – Donations have been made to the University of PA, TUFTS and AKC has donated to multiple organizations.

Clubs who have been awarded vet scholarships have been informed.

Veterinary Dentistry – Mari-Beth read a letter regarding canine health research. She was impressed after hearing Dr. Peralta speak at the 2024 Veterinary Forum.

Lunch and Learns are currently being scheduled by AKC Staff.

Thirteen students from MI State volunteered to attend student touring at dog shows.

AKC Staff will have a booth at the AVMA Theriogenology Conference.

Junior Rap was reported by Sally Fineburg who encouraged taking the Stewards of Children® course and to encourage appointing a Junior Coordinator for your club.

### **3. Legislative Report**

1,600 bills have been addressed on the state and federal level since early June 2025. In addition, there are 500 regulations present throughout the country. These bills are linking cruelty and breeder restrictions together.

Legislative topics haven't changed overall. A current topic is "torture breeding," which would ban or eliminate the sale of breeding dogs with a birth deformity. However, deformity is not clearly defined and mostly targets brachiocephalic breeds.

The main concern with hunting and working dogs is maintaining event sites.

State and Federal laws being introduced:

DE – Dog barks more than five minutes became a state bill and nearly passed. NY – Restricts hobby breeders by "moving the goal posts." Previously, the production of 25 dogs per year made you a commercial breeder. Now, if more than 9 puppies are sold in your lifetime, (per year wording has been eliminated) you become a retail pet store. This is a direct attack on hobby breeders. Kennel engineering standards are required. Puppies would be raised in an institutional environment rather than a family environment. AKC PAC – AKC cannot make contributions to political campaigns due to tax status. PAC can and needs funding from clubs and individuals. PAC must participate in lobbying legislators at their fundraisers. Donating the price of one dog show entry would amount to a tremendous fund. The fundraiser this year is four days at Westminster and related parties.

Attempted breed specific legislation of this type has not yet been seen in the U.S. The Netherlands lost the case fighting for the right to breed dogs with a 1:3 head ratio. Sheila is reaching out to the Dutch Kennel Club for formal decisions. 13 breeds are involved.

The Government Relations Conference will be in St. Louis and there is still availability to attend.

A new handout is available. AKC Impact by State, which includes dogs provided to police departments through AKC Reunite K9 Cop Grants.

Federal legislation –

The Farm Bill will not happen this year. GR is working with the house and senate on wording and requirements for inspectors. Increased budget is being asked for at the appropriations level.

The Healthy Dog Importation Act has been reduced in the house and senate. Previously, personally owned dogs could be imported at four months of age. NAIA Conference will take place October 17-19, 2025 in Virginia Beach, VA. Early bird registration until August 15, 2025 is \$200 and then goes to \$300.

#### **4. Final Report from Strategic Planning Subcommittee**

Tim Ufkes updated us on the final report from the Strategic Planning Subcommittee. The goal is to create a blueprint for clubs to follow by collecting data, analyzing the information and finding a way to execute the plan moving forward. The wrap-up presentation will take place in September.

#### **5. Show-Safe**

Jason Hoke made the presentation. This organization received nonprofit status in April 2024. Meeting community needs addresses topics such as sexual abuse, which is an issue identified within the sport, but not an AKC problem. It is universal.

Core values are identified as: integrity, respect, safety, self-awareness, community and victims' services. The program teaches youth and others how to prevent these problems and how to recognize poor behavior.

In the classroom provided at Louisville, it was seen that the relationship with dogs was most important in identifying how to cope with the problem, trusted individuals, bullying and fostering the idea of protecting self and others. They learned and verbalized coping mechanisms.

Club best practices include: creating safe spaces at dog shows, offering seminars and training for club Chairs.

Stewards of Children® hotline: 1-859-203-8683

Anyone can call for assistance.

Aftercare is provided and payment is available as long as needed.

In the three-year leadership program leaders are built in three tiers. It is tailored toward dog people and to engage kids to stay in the sport and be put in leadership roles early.

Club impact involves: protecting and supporting members, recognizing youth, building a positive culture and sustaining the sport.

Upcoming programs will coincide with the pro handler programs.

Sign up on the website for sponsorship donations. The money goes to victim resources and program development. The president is being paid from private monies. Every club signing up and supporting Show-Safe through memberships at various levels is appreciated.

This presentation is available online. The Zoom presentation is available for clubs for any amount through \$10,000 for lifetime (a one-time donation).

## **6. Public Relations & Social Media 101**

Marc Crews, Event in Box

Ads are different from Public Relations in that ads are paid and PR is free. Include the five W's: who, what, when, where, why. Make up a quote. Give a short version of the club history. Make a call to action and keep it under 500 words. Attached to the minutes is "Tulsa Goes to the Dogs" which is a good, professionally written example of a press release. Coming next, if you have a media contact, how to approach them at least a few weeks before the show. Press releases go to the news desk. Send it early with a save the date.

## **7. Citizen Science Discussion Group:**

Low Entry Breeds presented by Joellen Gregory, DVM, Dr. Scott Dove

To improve the experience for the low entry breeder, the doctor questions clientele and brings answers to the committee. Low entry exhibitors are reluctant to attend shows due to lack of judge knowledge and competition.

Conformation certificates (CC) are available from AKC. They include a critique of dog checklist, a way of getting feedback.

An idea for an in between step is for the Parent Club to put on specialties around the country so the breed is not going from Miscellaneous straight into Group. The club can bring in their own specialty at an All-Breed show. Mari-Beth O'Neill stated any club can submit an application to AKC.

New breeds evolving while Miscellaneous must conduct three breed education opportunities, but also must hold open shows. Miscellaneous classes should be held later in the day, closer to groups, so more people will see them and become familiar with the breeds.

Nancy Nelson, Pumi Club of America, offered to assist any club planning an open show.

Information provided by the AKC Canine Health Foundation was relayed by Dr. Gregory. The 30th anniversary of the Foundation has been marked by an update of the AKC CHF website. <https://www.akcchf.org>

Monthly web-based podcasts are being initiated on 24 June 2025 with a discussion of environmental chemicals and lymphoma risk in dogs.

[https://akc.zoom.us/webinar/register/WN\\_K\\_Y3nZpoSC2Ivpnlvn\\_2rw#/registration](https://akc.zoom.us/webinar/register/WN_K_Y3nZpoSC2Ivpnlvn_2rw#/registration)

The AKC/CHF Parent Club Health Conference will be held on Thursday through Saturday 7-9 August 2025 in Raleigh, NC.

<https://www.akcchf.org/events/2025-akc-canine-health-foundation-national-parent-club-canine-health-conference/> 28 veterinary students, representing 16 veterinary schools, will be attending.

AKC/CHF Director of Philanthropy Fleming Samuels is seeking community volunteers willing to engage with members of their communities who might be interested in supporting the Foundation. Contact Fleming at <mailto:fleming.samuels@akc.chf.org>

Canines and Cocktails 2025 will be held Thursday evening, 11 December, at the Rosen Centre Hotel in Orlando, with John Lloyd Young, Tony Award Winner, as the entertainer.

Dr. Greer pointed out that the International Partnership for Dogs Virtual Dog Health Forum had been held 3-4 June 2025, and presentations from that conference are beginning to appear on their website. [https://dogwellnet.com/content/ipfd-international-dog-health-workshops/263\\_ipfd-international-dog-health-workshop-5/5th-idhw-post-meeting-resources/5th-idhw-presentations-r842/](https://dogwellnet.com/content/ipfd-international-dog-health-workshops/263_ipfd-international-dog-health-workshop-5/5th-idhw-post-meeting-resources/5th-idhw-presentations-r842/)

Keith Frazier reported on Veterinary Outreach.

There were 11 dog show tours last year; this year so far there have been 6 (Oregon State, Colorado State, Wisconsin, NC State, UC Davis, and Mississippi State), usually with attendance of up to 12 students, but with 28 at Miss., 13 of whom volunteered in some capacity to help with the show. Coady Egan, a member of Mari-Beth O'Neill's staff, attended the Student American Veterinary Medical Conference in Washington, D.C., 20-22 March. She, or Mari-Beth, will also attend the Therio Conference in Sacramento, 23-26 July, and will co-sponsor a "respiratory grading scheme" laboratory and host a cocktail hour for students and residents.

20 scholarships were awarded to veterinary students in April, ranging from \$2000 to \$10,000, with a total of \$127,000 awarded. Of this total, AKC contributed \$72,000 and the Kennel

Club of Philadelphia \$50,000. 4 schools had more than 1 awardee, including Colorado State, Iowa State, Oregon State, and Missouri. A letter from one of the recipients was read by Keith Frazier.

\$22,500 will be awarded to Juniors (generally), with an additional \$10,000 for Juniors participating in Companion Events and an additional \$10,000 for Juniors participating in Performance Events. Eligible Juniors must be a member or volunteer in an AKC club and have a minimum GPA of 3.0.

The Tufts-AKC Whelping Pilot Program is in its sixth semester, with 10 (the maximum) students participating. At the conclusion of each course, Mari-Beth sends The Complete Dog Book to each student.

Dr. Garvin stated that the AKC Purebred Preservation Bank currently contained 53 samples, most from donations. 12 storage facilities are being utilized. There have been 32 presentations to clubs. If clubs have questions after viewing the webinar available on the AKC Purebred Preservation Bank website:

[https://player.vimeo.com/video/1004055032?badge=0&autoplay=0&player\\_id=0&app\\_id=58479](https://player.vimeo.com/video/1004055032?badge=0&autoplay=0&player_id=0&app_id=58479), presentations to clubs may be scheduled.

Considerable discussion ensued regarding the reluctance of some clubs to participate based on their members' inability to personally control the distribution of their dogs' semen, a distribution which would most likely occur only if the breed were in danger of extinction. Dr. Garvin pointed out that the number of low entry breeds having fewer than 10 litters per year has increased from 10 to 24. 10 low entry breeds have fewer than 5 litters per year.

Dr. Claire Wiley said that the AKC DNA Program celebrated its first anniversary on 01 April. Both identity and health testing are done with one sample tested for 325 markers. DNA testing has increased more than 60% over the past year.

Dr. Wiley pointed out that the interpretation of DNA tests can be difficult and changes over time with genetic advances and changes in how fanciers define the breed standards. Pedigree information may be more helpful in making some breeding decisions as well as information about the health and longevity of the parents of the stud and the dam.

Dr. Joellen Gregory distributed copies of the most recent Citizen Science Newsletter, of which task force she is an active member.

Recent discussion in that task force centered about the reluctance to enter low entry breeds in Conformation shows as well as the relative inexperience of dog show judges with many low entry breeds. Over the past 21 years, yearly Conformation entries have declined from 1,903,429 to 1,432,007, a 25% decrease.

Dr. Gregory also noted that Dr. Jerry Klein, AKC Chief Veterinarian, had been asked by the American Veterinary Medical Association, to participate in a microbial stewardship program. A December program on this topic is being planned for the Orlando shows.

AKC's *Salutes the Troops* was a huge success. The AKC collaborated with the U.S. Army in a 4-day event celebrating the 250th anniversary of the U.S. Army. It all happened in May 2025 at Fort Stewart and Hunter Army Airfield in Georgia and honored our nation's service members and featured three invitational dog sport competitions, showcasing the athleticism and spirit of our canine companions. The entire 3rd Infantry Division stationed at Fort Stewart, along with their families, were invited to attend and take part in this special celebration. The AKC is proud to share this meaningful event with the broader public, so that all may recognize and celebrate the extraordinary service of the men, women and dogs who protect our nation.

The AKC Salutes the Troops events will be aired on ESPN across three separate broadcast dates, allowing viewers nationwide to experience and honor this tribute.

AKC Fastest Dogs USA - Saturday, June 14, 2025, 1:30 PM - 3:30 PM on ESPN2  
AKC Diving Dogs Challenge - Friday, July 4, 2025, 7 PM – 9 PM on ESPN  
AKC Agility Premier Cup - Saturday, July 5, 2025, 12 PM – 2 PM on ESPN2

### **Conformation Judges Recertification Exams**

The Board approved the recommendation made by the committee formed to review the Judges Recertification Exams revisions and recommendations as follows:

1. Pause testing in 2025 until the revised tests A, B, C can be implemented. 2. Contact judges who resigned to see if they would consider retaking the new tests. 3. Changes and updates to the new tests should be reviewed and approved by the Board. 4. Report to the Board Quarterly pass/fail rates by Group and other important findings.

(The committee was formed at the August 2024 Board meeting and was comprised of: Dr. Battaglia, Chair, Rita Biddle, and Daniel Smyth. Staff members were Tim Thomas, VP of Conformation and Ashley Jacot, Director of Education)

The committee reported that they considered emails, phone calls, and complaints about the tests including those expressed by the Judges Association.

All questions from tests A, B, C were reviewed. Some were revised, others with multiple answers were rewritten into two questions or eliminated. Some were changed if considered overly complex or confusing.

An outside panel of expert educators was also consulted.

*Certain questions will be pulled from the bank of questions for each category across all versions:*

- 1. General Procedures (15)*
- 2. Eligibility & Assignments (8)*
- 3. Conflicts of Interest (6)*
- 4. DQ's/Excusals (5)*
- 5. Measuring & Weighing (4)*
- 6. Exhibitor Protests (3)*
- 7. Multiple Entries (4)*
- 8. NOHS (5)*

### **Changes to AKC Discipline Guidelines**

The Board approved updating the *Personal Conduct Policy* to reflect changes made to the *AKC Discipline Guidelines* with an effective date of June 4, 2025. It modifies the violations of the *Personal Conduct Policy* to include specific penalties and fines to better reflect the nature and/or severity of the particular offense.

### **Judges on Referral**

The Board approved Staff's recommendation to mark judges who remain on referral for three months for their failure to comply with the AKC Educational Requirements Policy inactive. This is effective immediately. Those judges who are already more than three months overdue will be provided one month to comply before being marked as inactive.

### **Stewards of Children®**

The Board approved eliminating the requirement for judges to retake the Stewards of Children® course every three years. All judges must still take a pass the course once, but the retake will no longer be required.

### **Point Schedule Divisions Realignment**

A realigned point schedule became effective May 12, 2025. Staff based their realignment to address inequities expressed by the fancy and confirmed by Staff's examination of event entry data.

Staff's proposal would relocate Nevada and Utah from Division 13 to Division 6 with Colorado; and relocate Arizona from Division 6 to Division 9 with California

**Limited Number of Events Policy – Limited-Breed Shows** The Board voted in favor of modifying the *Limited Number of Events Policy* to allow Limited-Breed Clubs to hold four shows over four days if at least one of their shows is held on the same day and site (concurrently) with an All-Breed show to mitigate the impact on All-Breed Clubs' event options and to assist both Limited-Breed Clubs and All-Breed Clubs.

### **NOHS Regional Update**

The Board approved making the NOHS Regionals a yearly event, consisting of up to eight events spread geograph-ically and throughout the 12-month qualifying period for the annual NOHS Finals held in Orlando, FL. The Club Development Department will begin requesting proposals from clubs wishing to host a 2025-2026 NOHS Regional event. This was previously a Pilot Program in 2024-2025.

### **Two Shows in One Day**

The Multiple All-Breed or Limited-Breed Shows in One Day Program Policy currently does not address adding BPUP, Open and other sports that may affect the length of day. AKC Staff provided recommendations on modifying the policy to specify how additional sports may be held in connection with two shows in one day. It is effective June 1, 2025.

### **AKC GAZETTE BREED COLUMNIST**

*None Submitted*

### **BREEDER COORDINATOR**

*None submitted*

## **BREEDER REFERRAL**

*Respectfully submitted by Cindy Richardson*

Breeder Referral started acquiring electronic inquiries for the breeder list in February 2014. Below are the number of inquiries by year from that time.

2014 - 1105

2015 – 1702

2016 – 1782

2017 – 1461

2018 – 1399

2019 – 1147

2020 – 1420

2021 – 866

2022 – 703

2023 – 720

2024 – 698

## **EVENTS CHAIR**

*Respectfully submitted by Betsy Boryczka*

Shows submitted and approved Jan-May 2025 :

Region1 #72...Elmira KC, Romulus, NY Sept. 27, 2025...Supported Entry. Chair: Marile Waterstaat.

Region 5 #71...Salina KC, Hutchinson, KS, June 7, 2025 ...Supported Entry. Chair: Nancy DeVore. Denied..Submitted too late Mar. 5, 2025.

Region 6 #73... Central Florida KC, Orlando, FL...December 11,2025...Supported Entry. Chair: Lauren Lamuelle. Approved.

## **FIELD EVENTS**

## **HEALTH & GENETICS**

*Respectfully submitted by Karen Bauman*

2025 NSDTRC (USA) Health and Genetics Committee Annual Report

This year we continue to work on updating the health and genetic testing recommendations for our breed on both the AKC and OFA CHIC site. To assist members, we have provided some links to webinars put on by the AKC Canine Health Foundation (CHF) on our webpage.

I attended the 2025 CHF meeting remotely this year since the conference had moved to North Carolina and the date (7-9 Aug) fell too close to the National Specialty. Plus, attending virtually will allow all of the committee to share the digital materials provided. This year the meeting had four themes ‘Vibrant Dogs on the Move’, ‘Connecting Human Medicine to Better Care’, ‘Balancing Form and Function for Canine Health’ and ‘Canine Health Making Headlines’. One of the talks by Dr. Parker titled “Genetic Testing: Is It Possible to Have Too Much Information?” was very helpful to our on-going work on the recommendations. Other talks that were especially

relevant to tollers were: one on managing exercise induced hyperthermia, two talks on canine aging and cognitive dysfunction, and one on the genetics of canine spinal abnormalities.

## **JUDGE'S EDUCATION**

*Respectfully submitted by Deb Gibbs*

During the last year we held a Judges Education seminar during the National Specialty in California. We had an awesome team of Mentors. The Club received very good feedback from the participants. Thank you to all those who helped with the seminar, and/or donated their time to bring dogs for Judges to enjoy.

The Committee participated in the AKC ADSJ Judges Seminars in Louisville, KY and the DJAA Advanced Sporting Institute in Houston, TX. Combined, we had 20 judges in attendance.

Thank you to all the folks and their dogs that participated in the hands on. We had one of the best attended seminars in Houston. The Judges had a roomful of lovely dogs to put their hands on. Thank you to all who took the time to help, especially those in Texas who braved the record heat to help.

We are currently requesting a list of photos to assist in updating our presentation. We need photos of examples of the DQ's as listed in the Standard. Thank you in advance for helping us with this project.

There are already several judges who signed up for the seminar in conjunction with the National Specialty in Gray Summit, MO.

Please contact the JEC if you are interested in becoming a Parent Club Approved Mentor.

## **JUDGE'S SELECTION**

*Respectfully submitted by Cynthia Parker*

The annual notice was sent in April to be published in the Spring Quackers, asking for Nominations from the floor for the National Specialty Judge for 2027. On June 15th, on the Toller Announce list posted the link to the nominating site on-line and it went live. A list of all Judges who were not eligible was noted on the first page.

No Judge who has Judged the US or Canadian Toller National Specialty within the last 7 years is eligible. A list of this AKC approved or provisional Judges were listed there.

There were 31 Judges nominated. The club members nominated Judges from June 15- July 31st. Multiple notices reminding club members were sent out via the Announce List. 19 people nominated Judges.

The top 6 were then calculated and put on the Club's website. An announcement stating the voting was open was sent on August 1st and the site went live that day. Several reminders to vote were sent to the membership. The voting closed on August 31st. XXX people voted – **Voting ends August 31.** The final number of votes will be available after that date. The Judge will be contacted after voting closes.

Thank you to all who participated.

### **JUNIOR COORDINATOR**

*Respectfully submitted by Justine Hubbard*

This year we have seen a great increase in participation with the number of juniors. We started the year by offering support at the 2025 Land O' Lakes Specialty. We found breeders and owners to offer their dogs for juniors who were interested in showing them in the specialty for Toller juniors. We had a high entry of dedicated juniors who are now interested in future participation. Going forward I am going to continue to reach out to additional regions in the club, especially specialties, to make an effort to offer mentorship and dogs to juniors who are interested in the breed. Along with making sure specialties are offering junior showmanship with their show. I started a new section in the Quackers magazine spotlighting juniors who have been very active with their tollers. I got lots of feedback not only from juniors but a lot of club members who really enjoyed this. One thing I will be changing is spotlighting only one Junior per issue to put more focus into their piece. Overall I am very excited about this and plan to continue and improve it. At the end of the 2024 show year, I made sure to send out certificates to all juniors in the top ten with their invites to the 2025 national specialty with all the information on how to attend. We were definitely lacking in venues other than conformation so I was unable to come up with ideas to recognize those juniors participating in events other than conformation this year. Hoping to encourage more performance and field events in 2026. For the future I'm hoping juniors can earn a certificate, metal, or some sort of recognition if they complete a certain amount of legs/qualifying scores in different dog venues. This is an idea I am still working on but a high possibility to encourage juniors to try new things. This year at the 2025 National Specialty we will have a Parade of Juniors offered to those who were part of the Top 10 in 2024 rankings. This is to recognize and honor the juniors who not only work hard with their Tollers but to also award those dedicated to the breed. Each Junior participating will get presented with a custom large rosette with their name on it at the National. These ribbons were all sponsored by myself and Sierra Vilmo as a thank you to the club and breed. Hoping to get more juniors at the nationals in the future, but unfortunately a lot of times it's the start of the school year making it tough for any juniors to attend. A few notes for the future, I would really like the club to look at changing the national dates to accommodate/encourage juniors to attend outside of the school year or just not the beginning of the school year as that's the hardest dates to miss. A national specialty is the best place for knowledge to expand and for connections to be made. I know the idea is hard to consider, but just something to think about for the future. In the next year I'd like to look at offering juniors at no cost or covering the costs with sponsorships at the national specialty and potentially specialties/supported entries. Overall I think we made a huge step this year with our juniors. I'd like to continue seeing more breeders become mentors to these juniors and building relationships with them but I'm so grateful that our junior numbers are continuing to improve. So exciting for our breed as they are our future!

## **NATIONAL TROPHY CHAIR**

*Respectfully submitted by Alyssa McGinnis-Metzler*

The Trophy Chair for the reporting year:

- Has developed, maintained, and provided as requested the documentation for each perpetual trophy/award, including the history of the origin, the winners, and the eligibility requirements.
- Stored any trophies that are not currently awarded.
- Arranged for the creation of plaques for the Rusty Jones Award, and for the engraving of trophies as needed.
- Developed, maintained, and provided as requested the documentation for the Evelyn A Williams Award of Excellence, HOT Dog Awards, and provided certificate or trophy as appropriate.
- Responded to questions from members, regarding club trophies.
- Sent awards won out to members, who were unable to attend last year's National.
- Maintained an accounting of expenses incurred in the administration of these duties.

It is a pleasure to be involved in the development and awarding of these trophies that I know so many dog/handler teams have worked so hard for! I love seeing how far you all are able to go with your precious Tollers, and I really enjoy rewarding the hard work and dedication that goes into the requirements for these awards. Keep up the great work! Thank you for a great year!

## **PUBLIC EDUCATION**

*None submitted*

## **QUACKER'S EDITOR**

*Respectfully submitted by Nikki LaPolt*

The transition to the electronic version of Quackers has been completed. There has been a significant drop in paper copies being sent out. I expect our treasurer will have the specific numbers with relation to cost savings.

I have also received lots of favorable feedback on the introduction of color in the electronic copies.

Unfortunately, Quackers is a beast that needs to be fed. There is a never-ending need for articles, materials, topics, etc. For that as always, the membership needs to step up and assist in providing content to get the material we need and enjoy.

Thank you for your continued support.

## **RESCUE REPORT**

*Respectfully submitted by Janis Dibert*

This past year we did not receive any dogs into our club rescue. In August of 2024 we did assist Henrico County VA animal control with a dog removed from a bad situation from a former member. We returned the dog to the co-breeder and helped with the vet bills as she could not afford to pay for all the vet bills that this dog needed in order to move forward. To date we paid out approximately 1,000 in vet bills-her co-owner has now picked up her medical bills. Our other expense has been for a dog named Gavin, who was rescued in 2023 from Blue Chip Tollers in Iowa. He is being fostered by Linda Sullivan permanently as he has many medical issues and he does not always get along with other dogs. Linda has socialized with him to the point that he feels comfortable with her dogs. His medical bills have been quite high and to date they total over \$3000. Rescue will continue that support for the remainder of his life.

We have had a number of applications for dogs-mostly young females-but given that are breeder members are taking back their dogs for the most part-we have no dogs currently available. I do try with every application to make sure the person realizes that rescues can come with issues and are they willing to take that on. I do try to educate them to make sure they know these are not mini-Goldens and to do their research, go to dog shows and meet the breed and talk to owners and breeders there.

I am hesitant to place dogs with very young children and am hoping in the future we can add that to a requirement. I am also going to propose we raise our adoption fee to \$500 which is on par with TRI.

## **WEBSITE**

The Club website and sub domains had a 99.995% up time availability for the period July 1, 2024 – June 30, 2025.

The new sub domain, members.nsdtrc-usa.org, has been expanded to include Quackers, Judge voting, and surveys.

Website Inquiries between July 1, 2023 – June 30, 2024:

Contact NSDTRC (USA) - 36 inquiries  
Contact Webmaster - 15 inquiries

Questions that came in that were not website related were forwarded to the appropriate Committee Chair/Regional Director for resolution.

New web pages were created for each of the Club events. The shop was populated and monitored for all sales related to events and club merchandise.

Surveys and forms were created with our forms builder, Wufoo.

New associate members were added to their respective regional mailing lists.

Special thanks to the Application Developer/programmer extraordinaire, **Lou Garwood**, for all his work on the members database and site.
